# editor notes

Throughout the 12 years of organizing Indonesia's leading beauty exhibition, we have witnessed rapid and dynamic growth in the beauty and wellness industry in Indonesia. The popularity of e-commerce, widespread internet access that promotes the latest beauty trends and knowledge, as well as endorsements by social media influencers and celebrities, has shaped the consumers' mindsets in Indonesia.

As such, consumers these days are not only more aware of their beauty needs, and an even more discerning eye for quality products and beauty services. To help you cater to this market, the 13th edition of Cosmobeauté Indonesia will feature over 300 exhibitors from 14 countries, introducing the latest beauty trends, products, and services that will make a difference in your business this October.

Trade buyers and salon owners will be able to pre-plan their meetings with prospective business partners through our Beaute Meeting program, a bespoke meeting arrangement program that prioritizes exhibitor's attention and time to meet with the participants.

Apart from the exhibits, we will also be hosting the Beauty Icon Awards for the 4th consecutive year, in order to recognize individuals that have contributed immensely to the beauty industry in Indonesia.

For professionals seeking to get some inspiration, gain new knowledge, or seeking for challenges, there will also be events catered for them, such as the 4th ASEAN Creative Hair & Styling Photo Competition 2018, demonstrations by the Indonesia Barbershop Association, spa seminars and competitions, stage shows, and dozens of beauty workshops.

Regardless of whether you're here to learn and be inspired, or to find that revolutionary product for your business, Cosmobeauté Indonesia is sure to meet your needs! We look forward to your visit this coming 11 - 13 October at Jakarta Convention Centre!
